

ABDULLAH ABIDI

Candidate for Vice President Operations and Finance

HSA Elections 2022 – 2023

Hi, my name is Abdullah Abidi and I am a first year international student majoring in Marketing. My hobbies include public service volunteering and public speaking while also being active in sports. I am currently a project assistant in the Haskayne Students' Association and am aiming to be nominated for the Vice President Operations and Finance. I do understand that there might be candidates that are smarter than me where I do not claim to be the smartest in my field however I would rarely find anyone who is more committed than me. Sometimes that may be not the best quality as I tend to be over committed but I like to consider this my strong suit. The reason why I am applying for this role is due to my love for the Haskayne community and the opportunities Haskayne and HSA has provided not only for me but for all of the students at the university. With that simple reason, I simply want to give back to the community and more importantly make sure the HSA and Haskayne is safe, enjoyable and beneficial for our students. To be frank I was nervous about standing as a candidate for this role, but you know as they say "You miss 100% of the shots you don't take", so even if I don't get nominated at least this is a shot I am willing to take.

Thank you,
Abdullah Abidi
